Professional Contribution
(Highlights only)

Worked on the Letter of Intent and the Curriculum Proposal for the Bachelor of Arts degree program in Film Studies during the 2007-08 academic year. Also, wrote the proposal for the Title Programs to seek funding for the program.

Attended the two-day Business Journalism Workshop at the University of North Carolina A & T, Sept. 6-7, 2007. This has helped us in the process of developing a new concentration in Business Communication in the Department of Mass Communication.

Consultant to the Department of Mass Communication, Alcorn State University, Alcorn, MS, on its preparedness to seek accreditation by the Accrediting Council for Education Journalism and Mass Communications (ACEJMC). Visited the Alcorn campus for three days, March 26-29, 2006, and submitted a comprehensive report on its current status and steps to be taken to seek accreditation.

Participant: Fulbright Seminar in China -- a five-week study and educational visit to China, July 11-August 15, 2002.

Panel discussant: “Technology’s Influence on News Content: The Last Hundred Years/The Next Hundred Years,” and “Meeting the Challenges of Advancing Technology at Historically Black Colleges/Universities” at the Broadcast Education Association (BEA) annual convention, Las Vegas, NV, April 2000.

Panel discussant: “Applications of New Media Technologies for Journalism and Mass Communications Education” at the AEJMC convention, New Orleans, LA, August 1999.

Participant: Seminar on “Leading Technological Change,” sponsored by the Poynter Institute for media Studies, St. Petersburg, FL, October 1996.

Presenter: Day-long seminars on interpersonal communication conducted by the U.S. Department of State at the Police Academy in New Orleans for police officers from Argentina (1994), from Ecuador (1993).

Moderator: Session on Movement of Minorities and Women to Administrative Positions, AEJMC convention, Kansas City, 1994.

I also attended several ASJMC administrators’ workshops, BEA conventions, AEJMC conventions, Louisiana Press Association conventions, and Black College Communication Association (BCCA) meetings.

Participated in seminars and workshops, among others, at the Poynter Institute for Media Studies, the Journalism Educators’ Seminar at the American Press Institute, and The Freedom Forum Leadership Institute.

Journalism Education -- Why?" Vidura, Press Institute of India’s mass media monthly.

Proposals (fund-raising, grants and new programs)

Instrumental in the planning and creation of the Department of Mass Communication at Grambling State University in 1988 by bringing together the programs in journalism and broadcasting. Has been the head of the department since its inception in fall 1988 until the end of spring 2005. Developed the mass communication
program by revising and restructuring the curriculum, strengthening the faculty/staff, developing the computer and other laboratory facilities, etc.

The result is that the mass communication program received the prestigious national accreditation by the Accrediting Council for Education in Journalism and Mass Communications (ACEJMC) in 1993 within a record period of five years. The program also gained reaccreditation in 1999 and 2005 with Compliance on all 12 Standards set by the Council.

Recognizing the phenomenal growth and success of the mass communication program with national accreditation and a successful master’s program, the Board of Supervisors of the University of Louisiana System in 1999 designated the mass communication program at Grambling State University as a "Unique Area of Excellence." It is one of only five programs on the campus to be designated for such distinct honor.

Wrote a proposal entitled, “Enhancing the Quality of Journalism Education,” for the Louisiana Educational Quality Trust Fund (LEQSF). The proposal was funded for $52,059 for 1988-89.

Submitted a proposal to the Louisiana Educational Quality Trust Fund (LEQSF) for “Graduate Fellows in Mass Communication” for fellowships for the newly-developed master’s program. The proposal was funded for two years, 1998-99 and 1999-2000.

During the 1995-96 and 1996-97 school years, developed a proposal for the Master of Arts degree program in Mass Communication. The Curriculum Proposal for the M.A. degree was approved by the University of Louisiana System Board of Trustees in March 1996, and by the Board of Regents in September 1996. The department started the master’s program from the fall semester of 1997.

Submitted the proposal for “Enhancing and Strengthening the Mass Communication Program to Maintain the Accreditation Status” under the Title III Programs of the U.S. Department of Education was funded for 1997-98: $210,000; 1998-99: $247,329; and 1999-2000: $247,000.

Submitted the proposal, “Maintain and Strengthen the Mass Communication Program as a Unique Area of Excellence,” under the Title III Programs of the U.S. Department of Education was funded for $220,000 for 2000-01 fiscal year, and another $220,000 for 2001-02 fiscal year.

Co-coordinator, along with Dr. Williams, for a proposal entitled, “Enhancing the Ten Departments in the College of Liberal Arts in the Age of Technology” under the Title III Programs of the U.S. Department of Education which was funded for $720,000 for fiscal year 2002-03.

Wrote the proposal, “Enhancing the Technological Capability of Training Facilities in the Department of Mass Communication,” for the Title III Programs of the U.S. Department of Education. It was funded for $350,000 for fiscal year 2005-06.

Wrote the proposal, “Strengthening the Mass Communication Program to meet its Professional Needs,” for the Title III Programs of the U.S. Department of Education. It was funded for $237,500 for fiscal year 2006-07.

Item K.4. Louisiana Tech University's request for approval to reorganize its leadership structure.

EXECUTIVE SUMMARY

Louisiana Tech University requests approval to reorganize its leadership structure with the intent of streamlining operations and reducing administrative overhead.

Currently the University has six vice presidential positions, and the proposed revision would reduce the number to five. Two title changes would be requested (Vice President for Academic Affairs and Dean of the Graduate School; and Executive Vice President and Vice President for Research). Two current vice presidents, Dr. Terry McConathy and Dr. Les Guice, would fill those positions and are particularly suited to the responsibilities. One position, Coordinator for Institutional Effectiveness, would become vacant through attrition, resulting in five vice presidential positions in the updated structure.

The proposed reorganization will result in savings of $250,000.

RECOMMENDATION

It is recommended that the following resolution be adopted:

NOW, THEREFORE, BE IT RESOLVED, that the Board of Supervisors for the University of Louisiana System hereby approves the Louisiana Tech University's request for approval to reorganize its leadership structure.
May 22, 2012

LADIES AND GENTLEMEN OF THE BOARD OF SUPERVISORS FOR THE UNIVERSITY OF LOUISIANA SYSTEM:

I am writing to ask your assistance in title change, reassignment of responsibilities, and reorganization plans at Louisiana Tech. Currently, I have six vice presidential positions:

Vice President for Academic Affairs,
Vice President for Research & Development,
Executive Vice President & Dean of the Graduate School,
Vice President for Finance & Administration,
Vice President for University Advancement,
Vice President for Student Affairs.

With state general support shrinking, and in an effort to streamline operations and reduce my current administrative overhead, I am requesting approval to reduce my number of vice presidents to five, make two title changes, make two salary adjustments, and delete one staff position. The proposed structure would also provide a better fit of responsibilities for the two individuals involved.

Vice President Ken Rea has announced his plans to retire at the end of August. I would like to change Dr. Terry McConathy’s title to Vice President for Academic Affairs and Dean of the Graduate School and change Dr. Les Guice’s title to Executive Vice President & Vice President for Research. I would also like to make Vice President Guice second in charge at the University.

Dr. McConathy is a consummate academician, has vast experience with SACS, and is well liked and respected by faculty and staff. Dr. Guice has extensive and proven experience in research and development and is an excellent liaison for Tech locally and nationally. He has made significant contributions to economic development at all levels of the University, the System and the State. He is also well respected by faculty and staff. Both have agreed to accept additional responsibilities in their new roles.
The approval of these requests would leave me with five vice presidents, as follows:

Executive Vice President & Vice President for Research,
Vice President for Academic Affairs & Dean of the Graduate School,
Vice President for Finance & Administration,
Vice President for Student Affairs,
Vice President for University Advancement.

I also plan to delete one staff position that has become vacant through attrition – Coordinator for Institutional Effectiveness. This position currently reports to Dr. McConathy as Executive Vice President.

This would leave me with one less vice president, and no positions to advertise. Proposed organizational charts are attached. All of these arrangements have been discussed with the Executive Committee of the University Senate and have received full approval.

Your approval of this request would result in savings of over $250,000 that Louisiana Tech University could utilize to meet critical needs in the classroom.

Sincerely,

[Signature]
Daniel D. Reneau
President

University of Louisiana System
1201 North Third Street – Suite 7-300
Baton Rouge, LA 70802

Dear Dr. Moffett:

After a national search recently was conducted where four candidates were interviewed for the position of Vice President for Academic Affairs, and pursuant to Board of Supervisors policy, I am requesting that Dr. Eric A. Pani be approved as Vice President for Academic Affairs at the University of Louisiana at Monroe. Dr. Pani has served as interim Vice President for Academic Affairs beginning September 2011. Prior to being named interim Vice President for Academic Affairs, he served as interim Provost and and Vice President for Academic Affairs during the presidential search in 2010.

Dr. Pani’s educational background consists of his Ph.D. from Texas Tech University in Geosciences; Master of Science in Atmospheric Sciences from Texas Teach; and Bachelor of Science in Meteorology from Pennsylvania State University. Professionally, he has written many publications and has made several presentations a various professional meetings.

Please find attached a complete résumé which details Dr. Pani’s professional accomplishments and reflects that he is most qualified for this position as Vice President for Academic Affairs.

I request that this appointment be effective July 1, 2012, at an annual salary rate of $162,500.

Sincerely,

Nick J. Bruno, Ph.D.
