Per Act 472 of the 2021 Regular Legislative Session of the Louisiana Legislature and the Louisiana Board of Regents (BOR) Uniform Policy on Power-Based Violence and Sexual Misconduct, annual training is required for all responsible employees. All responsible employees are required to complete the training by the beginning of the 2022-2023 academic year. Upon receipt of the training files from Board of Regents at the beginning of the spring semester, UL System member institutions began to work on customizing the files and integrating them into their respective learning management systems. Unfortunately, there have been issues with the files received which delayed integration for some campuses. As a result, completion numbers reflected in this report are low because responsible employees had limited access to the training.

The University of Louisiana System President's Data Report reflects the number of responsible employees from the System's member institutions who attended the informational presentation provided by the Board of Regents on August 18, 2021 as well as those employees who have taken the responsible employee training this spring.

UL System campuses will continue to train responsible employees. Further, UL System Title IX Coordinators are providing training to their respective stakeholders regarding the power-based violence legislation and associated policies and practices.
