

ANTHONY L. GREEN

B.S., M.A., J.D.

EXECUTIVE BIOGRAPHY

Anthony has a distinguished and multifaceted professional profile, characterized by his aptitude as an Intellectual Property (IP) Portfolio Manager and Legal Advisor. His exceptional skillset is underscored by a

profound ability to navigate the complexities of IP initiatives across a broad spectrum of industries. Anthony's success has been demonstrated time and again by consistently guiding IP and technology transfers from conception to commercialization in both research and non-research environments. Exhibiting remarkable acumen for crafting innovative legal strategies, Anthony is dedicated to refining processes and policies with a goal of driving organizational excellence and change. He is also skilled in cultivating and managing international research collaborations among various business divisions and stakeholders in multiple counties.

Anthony's educational journey is both comprehensive and impressive. He began his academic pursuits by earning a Bachelor of Science degree in Mechanical Engineering from Southern University A&M College, Baton Rouge, LA, in 1993. Anthony continued to broaden his academic horizon by acquiring a Master of Arts degree in Communications from Purdue University-Calumet, Hammond, IN, in 1998. Completing his academic trilogy, he earned a Juris Doctor degree from Southern University Law Center in 2006. Aside from his formal education, Anthony has also gained extensive experience in patent portfolio and tech transfer management, legal advisory in the oil & gas/energy sector, energy technology evaluations, IP training and international contract negotiations.

Spanning over a quarter-century, Anthony's professional trajectory is characterized by an assortment of roles that have significantly contributed to his diverse experience. His initial years saw him serving as a Mechanical Patent Examiner at the United States Patent and Trademark Office, followed by a stint as a Patent Engineer for Deere & Company's precision farming business unit. He simultaneously honed his skills as a Technology Transfer Strategist for Southern University's Office of Sponsored Program while pursuing his law degree. Further elevating his professional stature, Anthony contributed as an Intellectual Property Asset Specialist for Deere & Company's corporate IP Services Department after finishing law school. His experience extended overseas as an IP & Knowledge Management Team Lead for Saudi Aramco, the largest integrated oil & gas/energy company, in Dhahran, Saudi Arabia, where he skillfully managed their downstream multi-million-dollar R&D patent portfolio for seven (7) years. Today, he leverages his wealth of experience in his current role as a Senior Contracts Specialist for American Type Culture Collection (ATCC), a life sciences company.

Anthony's career, underscored by extensive variety and profound expertise, stands as a testament to his versatility and unwavering drive towards success — attributes that have characteristically shaped and continue to shape his professional journey.
